PROFILE SUMMARY

Third-year Computer Science student (CGPA 7.4) with hands-on experience building AI-powered applications. Projects span a Jarvis-style autonomous AI assistant, intelligent chatbots, and web development. Certified by Zero Pixels, Stanford, HackerRank, and NPTEL. Strong foundation in Java, Python, and C with a passion for AI, automation, and software development. Actively seeking internship opportunities in software development, AI, or full-stack projects.

ACADEMIC QUALIFICATION

- **Bachelor of Technology** – Computer Science Engineering
Muthoot Institute of Technology & Science, Kochi | CGPA: 7.4 / 10 | 2023–2027
- **Senior Secondary (Class 12)** – CBSE
Sree Narayana Vidyapeetam Public School, Thrippunithura | 86% | 2023
- **Secondary Education (Class 10)** – CBSE
Sree Narayana Vidyapeetam Public School, Thrippunithura | 92% | 2021

PROJECTS

- **Pixie AI** | Python, Llama 3.3 70B, Groq Whisper, MediaPipe, Hugging Face, Telegram API | GitHub | 2025
A Jarvis-style autonomous AI assistant capable of executing tasks end-to-end via voice or text commands. Features include: real-time web search, AI content & code generation, task automation (app control, file operations, system commands), AI image generation (FLUX/Stable Diffusion), deep multi-source research report generation with DOCX export, hand-gesture control via MediaPipe, remote control via Telegram bot (file sharing, voice replies, location, media), and a 3D GUI with speech I/O powered by Groq Whisper and Edge TTS.
- **SYNAPSE – Memory Assistance Platform** | Python, Tkinter, MySQL | 2025
A desktop-based cross-platform memory assistance tool designed for users with memory loss or difficulty remembering daily information. Features include diary entry creation and storage, personal photo gallery upload and viewing, important date tracking with reminders, and a home dashboard with motivational messages. Built with Python/Tkinter GUI and MySQL backend.

CORE COMPETENCIES

- **Languages:** Java, Python, C, SQL
- **AI / ML:** Llama 3.3 70B, Groq Whisper, MediaPipe, Hugging Face (FLUX, Stable Diffusion), Groq LLaMA-3
- **Frameworks & Tools:** Tkinter, Telegram API, Git/GitHub, OOP, Data Structures & Algorithms
- **Soft Skills:** Effective Communication, Team Collaboration, Creative Problem-Solving, Adaptability, Attention to Detail

CERTIFICATIONS & COURSES

- **End To End Project Lifecycle Using MERN Stack** – Zero Pixels
- **Lingua Skills – CAMBRIDGE ENGLISH** | 2024
- **Python with Data Science** – NPTEL

POSITIONS OF RESPONSIBILITY

- Special Representative of the College Union for the academic year 2025-2026

HOBBIES & INTERESTS

- AI Development, Game Development, Reading, Gaming

LANGUAGES KNOWN

- English (Fluent) | Malayalam (Native) | Hindi (Basic)
